

Parents,

We continue to actively monitor COVID-19 and its implications around our city and are taking reasonable and precautionary measures to ensure the safety of all of our team members, players, coaches and fans. Although we fully intend to continue with our Spring Season, we will remain diligent in following all federal, state and local government protocols through this process.

That said, and in alignment with our local school districts, we have decided to push back meet the coach (MTC) and will combine MTC with our week 1 games.

Under the Lights will continue to promote an abundance of caution in this ever-changing environment. As previously mentioned, we will continue to take additional measures to keep our players, coaches and fans as safe as possible.

- We have had in-depth conversations with our league sites to make sure we are up to date with the latest information regarding COVID-19
- Although we believe it's a huge part of the game, there will be no pre-game or post-game handshakes
- Each team must use its own ball during all game-day activities
- We are working to stagger schedules so that our capacity does not reach a maximum of 250 congregated.

With Coronavirus dominating the news, our hope is that our Spring Season gives our kiddos something to look forward to, and we look forward to reconnecting with you for a **STRONG SPRING SEASON**. See you in a few weeks!
